## A TRIBUTE TO LYNYRD SKYNYRD

**EDGE OF FOREVER**.....The finest Lynyrd Skynyrd tribute act in the country.

The vocalist looks and sounds just like Ronnie VanZant. The thunderous bass and drums keep everyone either tapping or stomping their feet to the music. The guitarists are brothers and have meticulously studied the

vicious guitar work of Allan Collins, Gary Rossington and Steve Gaines. The keyboards will have you thinking that Billy Powell was in the house. Many have tried to duplicate the look and the sound of the world renowned Lynyrd Skynyrd but none have been successful until now.....Introducing **EDGE OF FOREVER!**

This nine-piece group is packing a hard punch and they have taken the time to get everything perfect. The real band would be proud to hear them.

This band continues to pack venues everywhere and always leaves the audience wanting more. If you are looking for the band that rocks the house as Skynyrd would, you don't want to miss **EDGE OF FOREVER!**
